FAIR PLAY

The American People are Noted for Their Love of Fair Play. So True This, That It flay Be Said To Be a National Trait of Character.

The sian who strikes another a foul blow, or maliciously tries to injure him in his pusiness, or in his social standing is detested and abhorred. The American people are for generally slow to manifest their disapproval of such unfair treatmens when an e-portunity is afforded.

Illustrative of this disposition is the fact that although base, false and malicious attacks upon Dr. Pierce, of Buffalo, and his widely celebrated Family Medicines have sometimes injured the sale of these meritorious remedies for a time, yet when such unjust assaults have been met and their falsehoods completely printed, a natural reaction has followed and their sale has been fully restored again.

In the case of the faller, H.

In the case of the Ladies' Home Journal, of Philadelphia, which, in 1904, sublished a most maticiously latse, slandcrous and itorious article, attacking Dr. Plerce and his 'Favorice Prescription'—the well-known cure for woman's because weaknesses and distressing atments—Dr. Pierce brought suit in the supreme Court of the State of New York against the publishers of that paper and a ventice was given the Doctor, the sudament being for a substantial amount (\$16,000.00) we not for enough to properly recompense Dr. Pierce for he great insury and injustice done him. While he and his "Favorite Prescription" were completely vindicated and the isfter remedy was proven, in open court, to contain no alcohol and pons of the dangerous and injurious drugs which the above mentioned paper had alleged it contained, yet Dr. Pierce has, lirough his attorneys, moved for a new trial trusting that thereby he may limit be accorded a mora just and adequate compensation for the great damine which he was made to suffer by reason of the base falsehoods published

tinguing his attorneys, moved for a new trial trusting that thereby he may finally be accorded a more just and adcounte compensation for the great damage which he was made to suiter by reason of the base falsehoods published controlled in a man false which he was made to suiter by reason of the base falsehoods published properly and in the business.

There are hundreds of thousands of people all over this blessed country of ours who have been cured of obstinate, chronic diseases through the use of Dr. Pierce's Medicines and it is only natural that such people should rise up and speak their sentiments pretty freely when Dr. Pierce and his medicines are so unjustly-attacked.

These grateful petients of Dr. Pierce are to be found in almost every hamlet and country village, and in the farmhouses and mechanics' cottages in every hook and corner of this great country. Common gratitude prompts such people to stand up and defend Dr. Pierce and his medicines argainst unjust and many foreign lands for more than forty years and yet their sale continues to grow in a substantial and most gratifying way. This could not be the case fit they were not remedies of more than ordinary merit.

WHAT DO THEY CURE?

Dr. Pierce's Favorite Prescription is not subsequently resulted as a "Cure Ali" but admirably subsequently and in many foreign lands for more than ordinary merit.

Everybody Knows Linen Is Better Than Cotton

Linen is worth more than cotton-whether you buy it in a tablecloth. handkerchief or a collar. Linen is a purer, finer, more durable fabric than cotton any time, for any purpose-everybody knows that.

But many men evidently do not know that most collars sold them at 15c. (2 for 25c.) are made of cotton. Of course their manufacturers do not tell you so-they talk about "fabric" and expect you'll be deceived. Every man who is particular about his apparel should be particular about his collars. That means he will be sure his collars are linen, by asking for Triangle Linen Collars every time he buys.

Collars not stamped "linen" are cotton. When you get Triangle Linen Collars you are sure of linen quality. The law says so? Dealers everywhere sell Triangle Linen Collars in quarter sizes of all popular styles. If you cannot get the style you like, write us and we'll see you get it.
